

2021 Annual Report

In 2021, Jumping Mouse Children's Center remained a safe and stable place for children and families to heal. We provided continuous services, as our therapists and staff returned to offering more in person sessions to meet the needs of the most vulnerable in our community.

105

Children ages 2-12 received one-on-one therapy

Jumping Mouse sees children in East Jefferson County at our locations in Port Townsend, Chimacum Primary School, and Brinnon School. We are unique in our region for providing in-depth therapy to this young age group.

139

Parents and caregivers received support and education

Jumping Mouse therapists support parents and caregivers in meeting their child's emotional needs at home. Our Securing Connections parenting program provides additional weekly and biweekly one-on-one support to parents and caregivers who would like more support.

2,541

Therapy sessions for children

Children meet weekly with their therapist for one hour for as long as they need to heal. By December 2021, 95% of these sessions were in person, with the remaining conducted via Zoom.

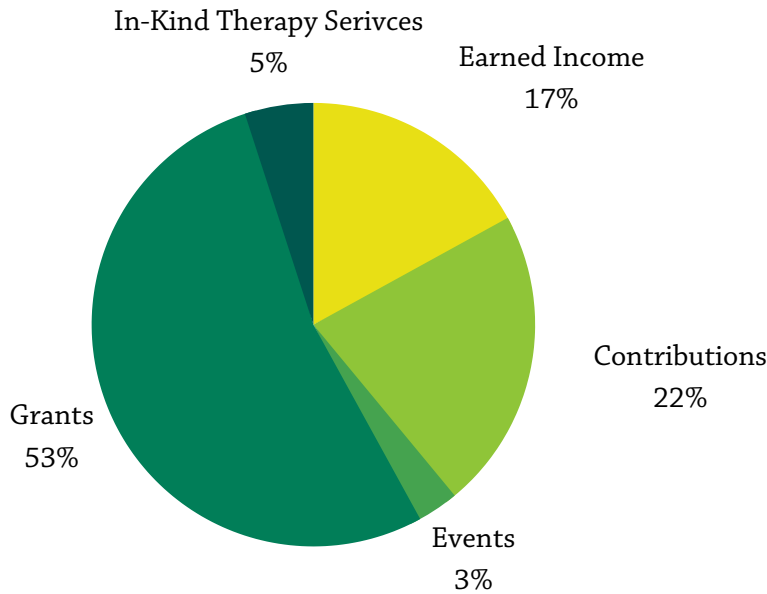

SCHOOL-BASED PROGRAMS

In September 2021, Jumping Mouse opened a therapy room in Chimacum Primary School. We intend to open another room in Chimacum Elementary School to expand our services to more children and families in East Jefferson County beginning September 2022.

2021 Annual Report

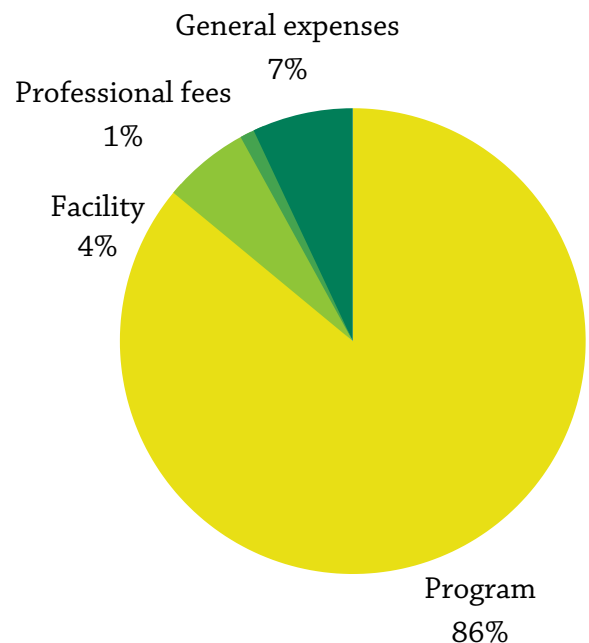

TOTAL SUPPORT & REVENUE: \$894,161

2021 FOUNDATION, CORPORATE, & GOVERNMENT GRANTS

- Anonymous Foundation
- Ben B Cheney Foundation
- Costco Wholesale
- Discuren Foundation
- First Federal Community Foundation

- Jefferson County 1/10th of 1% Sales Tax Fund
- May and Stanley Smith Charitable Trust
- Medina Foundation
- NW Children's Foundation
- Port Townsend Rotary Club

TOTAL EXPENSES: \$885,926

Our program is our biggest expense because our therapists are experts in expressive play therapy and have advanced training in working with children who have experienced trauma.

2021 Operating result, including depreciation: \$8,235

Jumping Mouse's trauma-informed teacher support group was the single most valuable piece of professional development I have experienced as an educator. ~ Chimacum teacher
